

What: Rake-Up Colorado! 2007!

Who: Volunteers of America, the Safety of Seniors Handyman Program

2660 Larimer St.
Denver, CO 80205
303-297-0408

Why: As leaves begin to fall, many seniors, particularly those who are alone or have disabilities, are unable to tend to their yards. The Handyman Program at Volunteers of America provides these seniors with volunteers to rake-up, bag and haul away the leaves.

When: *Make a Difference Day*
October 27th, 2007
9am – 2pm

Where: Homes of various seniors age 60 and older residing in Adams, Arapahoe, Denver and Jefferson County

How: Volunteers are asked to arrive at the Volunteers of America building located at the address above at 9am to obtain yard assignments. Volunteers will be provided with breakfast, as well as information and directions to homes whose lawns need to be raked. Shortly after volunteers will head to their assigned homes and commence raking. A roll-off dumpster will be provided at Volunteers of America where all leaves can be brought back to be recycled into compost. Once yards assigned are raked and leaves disposed of, volunteers are done.

Please bring your own rake and gloves. Thank you.
